## OUR MISSION

**SpaceFEST** is the largest event in the region dedicated to space exploration and has a complex mission: to inspire future explorers and to demonstrate that a career in the space industry is accessible to anyone who sets their mind to it. It takes inspiration, passion, determination and ambition for the dream of reaching space to become a reality.

Through all the events we organize, we, POLITEHNICA Bucharest, want to inspire future generations and build a bridge between education, research and the economic environment, creating connections and inspiring people of all ages.

## The space – unlimited opportunities

The implications of space exploration influence our lives on Earth in ways that are impossible to ignore. Seen today as an investment in the future, space exploration determines a paradigm shift in all fields, new technologies, new commercial opportunities, a different way in which we will position ourselves towards our planet and in relation to the entire universe. At **SpaceFEST**, we want not only to show people how important space is for the present and the future, but also to position Romania on the map in this field.

# A unique experience

## School students

Competitions, workshops, VR and AR experiences, flight simulators.

## Students and teachers

Amazing projects in aerospace engineering. Jobs of the future... in space, but also on Earth.

## Companies

Representatives of the aerospace industry in Romania, the latest technologies, solutions and products, opportunities and investments in the future.

## General public

Activities for the whole family, cutting-edge technologies, 3D printing, food for astronauts, space suits.

## SpaceFEST Summit

Organized in partnership with the **European Space Agency**, with the support of **the Romanian Government and the US Embassy in Romania**, the **European SpaceFEST Summit** aims to explore new horizons in the aerospace industry in Romania and Europe, covering topics such as innovation and research, new technologies and emerging opportunities, as well as the political and regulatory framework. The Summit also aims to develop space education in higher education institutions, including curriculum development, practical learning and interdisciplinary collaborations, with a focus on diversity and industry engagement.

## SpaceFEST Gala Dinner & Awards

The **SpaceFEST Gala** is a closed-circuit event, accessible by invitation only for sponsors, partners, representatives of space industry companies, government officials, representatives of aerospace agencies and aims to celebrate future space missions, as well as US-Romania cooperation and Romania's role in the future of space exploration.

## SpaceFEST

**Three days full** of activities for the whole family on the **POLITEHNICA Bucharest Campus**: panels and meet & greets with famous astronauts, astronomy workshops, immersive experiences, satellite workshops, rocket launches, competitions, technology exhibitions, space art and countless surprises.

# SpaceFEST at POLITEHNICA Bucharest Campus

An event for the whole family

For three days, on the POLITEHNICA Bucharest Campus, space enthusiasts of all ages, from the youngest explorers to parents and grandparents, will feel closer to space through all the activities specially prepared together with all our partners.

# SpaceFEST at POLITEHNICA Bucharest Campus

**Dream. Learn. Explore.**

**Engaging panels and Meet & Greet sessions.** Guest astronauts will tell their experiences in space, answer questions from the audience, sign autographs and take photos with space exploration enthusiasts.

**Lectures, workshops and activities.** Together with our partners, we have developed a series of activities designed to bring space closer to people. From lectures by experts in the field, solar observations, VR and AR experiences, fascinating exhibitions, to hands-on workshops for children, SpaceFEST has all the ingredients for a unique, memorable experience for any age.

## Inspiration. Fun. Art.

**Activities for children, future astronauts.** At SpaceFEST, we want to inspire future generations of explorers. That is why we have prepared activities and competitions designed to educate but also entertain. An amazing Planetarium will provide an exceptional immersive experience, and little explorers will have the opportunity to wear astronaut costumes. Fun and educational workshops will certainly inspire future scientists and shows with space entertainers will entertain the youngest participants.

**Space art.** Hundreds of space-themed paintings and drawings sent by children from all over the country will be on display at SpaceFEST, adding a touch of magic to the entire event. Little artists will admire their works on display, and art enthusiasts will enjoy an exhibition full of color and imagination.

# Prepare for the future.

HONDA SPACE FEST

Technology Exhibitions and Presentations. As technologies advance and space missions become more ambitious, opportunities are being glimpsed and realized that no one would have thought of a few decades ago. The most visionary companies in the aerospace industry - and beyond - will present technologies, solutions and products, as well as opportunities and investments in the future.

# SpaceFEST Summit 2026

The European SpaceFEST Summit is the most important event in Romania dedicated to the aerospace industry. Astronauts, representatives of the largest companies, international space authorities, public and governmental institutions, along with members of the Romanian academic community, debate the most important topics of the moment.

## SpaceFEST Gala & Award Ceremony

Hosted in an exclusive venue, the SpaceFEST Gala provides a special occasion to celebrate and recognize Romania's progress and contributions in space exploration. Distinguished guests, surprise guests, exceptional, artistic moments and an emotional awards ceremony - these are the elements that make the SpaceFEST Gala a truly unique event.

# What do we offer you?

## Networking opportunities

Lasting connections with potential partners. From 1to1 meetings to thematic roundtables, the possibilities are endless.

## Visibility and branding

Your brand needs to be visible to industry decision-makers, but also to the general public.

## Talent recruitment

POLITEHNICA Bucharest is the most important source of engineering talent.

## Thought leadership

Attending conferences, panels or debates to position yourself as a leader in the industry.

## Why **POLITEHNICA**?

- The right academic space for presenting solutions, technologies and services to a large audience
- Supporting your company's **BRAND AWARENESS** by associating with a prestigious institution that promotes science, education and innovation in technology
- Connecting the largest community of engineers in Romania with aerospace industry leaders

## **Promotion and support for participating companies**

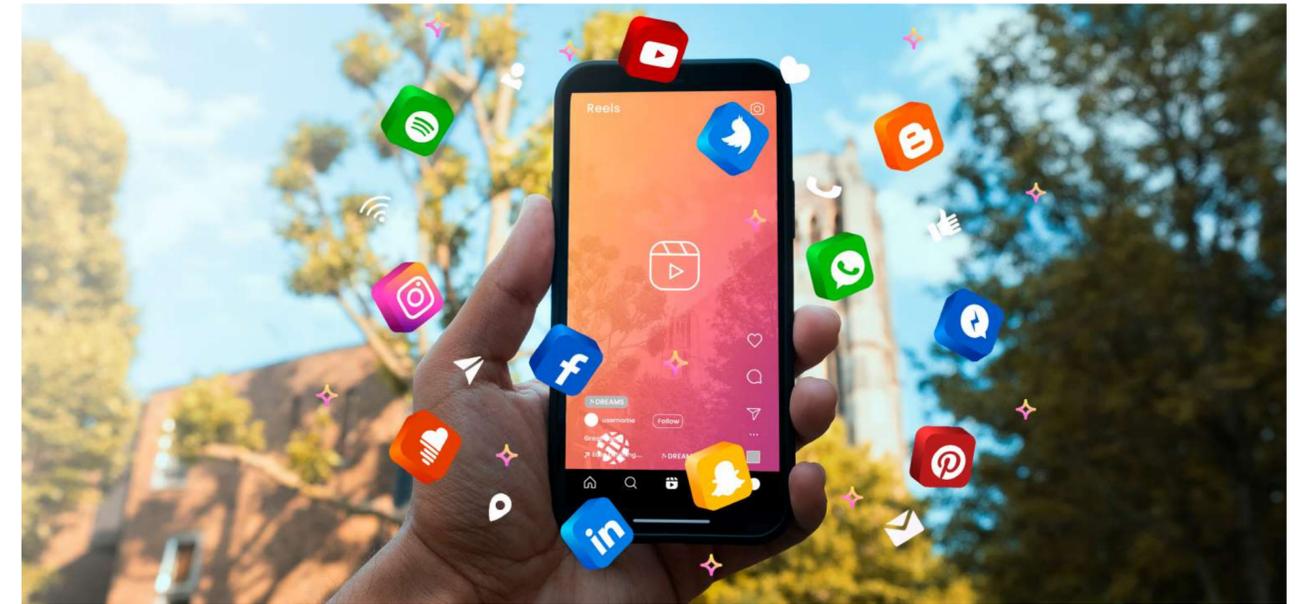

Our team is committed to providing you with an exceptional experience at SpaceFEST.

## Personalized support

A dedicated team will be at your disposal throughout the event to provide you with all the necessary logistical support.

## Guaranteed access

During the event we provide you with car access, access to utilities, wireless Internet, as well as all the conditions specific to your company's needs.

## Promotion

Your company logo will be displayed on the event website, promotional materials, and dedicated social media platforms.

## Activations

We will provide you unique activations that will promote your brand in a captivating and attractive way for your company's target audience.
